

Introduction of our school

Our school is the 4th primary school in Drama, in northern Greece. We are 16 pupils in our team aged 11-12. As we are very interested in environmental issues we decided to join your school in

the "Recycling, Reusing and Reducing" Project with our teacher of English. We have been learning English for 4 years and we think we can exchange lots of ideas about what we can do to help our planet. We call ourselves "Green Kids" and we are going to help the children in our school have a "green" behaviour.
